\* Save Our Seas \*

~~~~~

The seas of Sosaria are
in great danger but YOU,
my fellow citizen, CAN
help!

Each day more & more
fisherman from across
our great lands report
pulling in an terrible load
of footware from the
local waterways!

The blue dolphins that once
danced & played in our
seas are being killed in
huge numbers, found dead,
tangled in the straps of
sandles! Boots clog the
waterfalls & streams.
& thousands of pairs of
shoes are floating &
rotting around our docks!
This disregard for the
correct disposel of old
footgear has to stop
before all of our clean
drinking water begins to
taste like dirty toes!

The Fishing Council of
Britian is hosting a
series of lectures, open
& free to the public,
discussing the dangers of
tossing old shoes &
boots into our waters.
They will also be

collecting any used
footware for proper
disposal.

Help to SAVE OUR SEAS!
Don't just throw your old
lace ups in the local pond
when you think no one is
looking! Be a responsible
citizen of Sosaria!

Remember! There
trashcans at the banks in
many of the major cities
& these are much better
receptacles for ALL
items that you no longer
have a use for!

* Until next time, this
is Adelaide, Reporter for
the Britain Bugle saying
'See you around Sosaria,
Citizen!' *

\* Lost Drake \*  
Small brown drake,  
answering to the name of  
Mr. Snuggle Pants, hopped  
the fence around his  
home & ran off  
sometime last Thursday  
evening. He is very tame.  
Please collar & take him

to the Britain Vet if you  
find him. His owners are  
very worried!
